Dear Friends:

Thank you for your gift to The V Foundation for Cancer Research. We truly appreciate your support of the Foundation and of our goal—to find a cure for cancer.

Because no goods or services were provided in exchange for your \$87.70 contribution received on 9/9/2008, your donation is 100% tax-deductible.

The V Foundation awards 100% of all new donations and net event proceeds directly to cancer research and related programs. In addition, we received a fifth consecutive 4-star rating from Charity Navigator, America's premier charity evaluator. Charity Navigator provides critical information to donors so they have confidence in the charitable choices they make. As only three percent of all charities reviewed by Charity Navigator have received the prestigious 4-star rating, The V Foundation is part of an elite group. We are proud to be responsible stewards of your funds.

Since our formation by ESPN and Jim Valvano in 1993, The V Foundation has raised more than \$70 million to fight cancer nationwide. However, there is still much more to be done. With your support, we will continue to raise much-needed funds for cancer research until we have beaten this deadly disease.

For more information about The V Foundation, or to find out more about how you can help in the fight against cancer, please visit our website at www.jimmyv.org, or call toll free, 1-800-4-JimmyV.

Again, thank you for your support, and remember:

"DON'T GIVE UP. . .DON'T EVER GIVE UP!"®

Sincerely,

Nick Valvano
Chief Executive Officer
